

# How to be a Voice

Helping your campus be a Voice of the Catholic Church in 2008

National Catholic Student Coalition  
Many Voices, One Church

**Beginning in May, the Coalition will be offering monthly programming opportunities for campus ministries and students. The programs were created to help Catholic students take action and develop their voice as a leader in the Church.**

**The "How to be a Voice" campaign will last from May until December, when we will gather at our annual conference in Atlanta. Each month a programming date and theme will be sent to you via mail and email. An NCSC school will be featured each month, sharing their programming idea of how they are an active voice in the church.**
